## SCHOOL BOARD HOLD LAST 1914 MEETING

**May Raise \$9,000 on Sale of  
Debentures—Arrange for  
Equipment for the Night  
Classes—Classes are Being  
Well Attended**

The regular meeting of the school board was held last Monday evening in A. J. Nicholson's office. The following trustees were present: Messrs. Macdonald, Hayes, Nicholson and Barber.

The minutes of the last meeting were read and adopted. A letter was read from D. S. McKenney, deputy minister of education, stating that the board could obtain from present debentures any amount to cover expenditures already incurred in compliance with bylaws covering these debentures, and also stating that the board was fortunate in disposing of their debentures so satisfactorily, as they had even given better than the \$10,000 originally offered.

The board decided to ask for \$9,000 at once to pay for debts contracted as per the bylaws.

The following accounts were read and ordered to be paid: Gas Company, \$39.00; Express and carriage, \$5.00; Telephone messages, \$5.00; P. C. Reid, rent and other, \$15.00; Telegram, \$13.00; Broadway Dept. Store, \$11.00; Principal Liggett, telegrams, etc., \$1.50; Atlas Lumber Co., \$1.00; Review, printing, \$7.50; Redcliff Library, emptying cesspool, \$4.00; Sherwin-Nicholson, supplies, \$7.25.

Two propositions were submitted to the board by the Remington Typewriter Co. re purchasing machines for the night classes at the school. One was for purchasing the machines outright at a reduced price, payment to be made at \$5 per machine per month. The other was for renting the machines for six months at \$10 per month, and at the end of that time they could be purchased if desired, the rent money to be applied to price of the machines.

Trustees Hayes and Barber were in favor of renting until it was seen whether or not the classes were going to be a success.

Trustees Nicholson moved that the machines be purchased at once, as he could not get a second the matter was delayed until Trustees Hall could be located and induced to come to the meeting to enter his vote. He seconded the motion, which when put resulted in a tie, Hayes and Barber voting against it. The chairman had to cast the deciding vote, and gave it in favor of the motion.

A letter was read from the Remington Typewriter Co. asking that he be allowed to do some of the work in connection with equipping of cesspool at school at the rate of \$45 per month.

A letter was read from the Singer Sewing Machine Co., Lethbridge, submitting proposition for renting sewing machines for night classes.

It was decided to purchase a blackboard for use in the night class in drafting, and also tables and chairs for other classes.

Trustees Nicholson reported that the night classes were going on very well, and were already well under way.

The trustees also showed there had been 12 absent for good reasons during the month, and 2 who had played truant.

As there are a number of the foreign element in town who are desirous of joining the night class for teaching English, but who have no money as they have not the funds, it was decided to charge no fee for two months.

### STANFORD-WEBB

At the home of Mr. D. C. Smith, on Third street, on the 8th inst., Mr. James Stanford and Miss Mary Webb were united in marriage by the Rev. G. Lawson Gordon, in the presence of a few friends. The bride looked very pretty in a dress of all-over embroidery, with a bouquet of chrysanthemums and ferns. After the ceremony a sumptuous supper was served on a table beautifully decorated with flowers. On Wednesday morning the young couple were taken to the home of the bride's father, left town for their future home in Warwickshire, England.

## RATEPAYERS WANT PUBLIC MEETING

To Discuss Public Questions and See  
Candidates Before Election Day—  
Suggest Meeting for Tomorrow  
Night—Should Have One

Several times this morning we were called up by phone and asked if the candidates in the field for councillors and trustees were not going to have a public meeting to address the electors before election day. All were of the opinion that such a meeting should be held in the Empire theatre tomorrow (Saturday) evening, so that the voters could see and hear the candidates and learn something of their platform for the coming year.

It seems to us this would be a good idea for several reasons. At the present time a number of the ratepayers do not know all the candidates personally, and as a result are not in a position to vote intelligently on Monday. According to the law every elector who votes must vote for four of the seven candidates. He must also vote for two of the three trustees or two of the three councillors. In cases where the voter only knows one, two or three of the candidates he will have to shut his eyes and vote at random for the balance.

Then, too, the voter should know something of what each candidate stands for. In other words what his platform is.

All things being considered we think the ratepayers have a perfect right to expect a public meeting before election day. We suggest, therefore, that the candidates get together as soon as possible and arrange for a public meeting tomorrow night. Bills announcing it could be printed and distributed during the day. We feel sure there would be a good turnout, as these officials will be elected for two years, and great care should be taken in the selection.

## BRITISH DRIVE THE GERMANS BACK

A despatch to a London newspaper from the Belgian frontier Wednesday said the German division headquarters was removed from Roulers when shells began to fall in the town after the British had captured Haeschel, a short distance to the west. Reuters' Brussels correspondent, writing to the Belgians from Arras, said the Germans on Tuesday were driven out of Arras, and were being driven back beyond the artillery range. Arras is nine miles northwest of Lille.

## BOSTON BEAN BANQUET WAS A GREAT SUCCESS

A good crowd attended the bean banquet held in the Empire theatre last evening under the auspices of the ladies of the Baptist church. The lunch provided was greatly enjoyed, as was also the musical programme.

## German Submarines Are Reported Sunk off Dover

Half a dozen German submarines made an attempt at 6.30 o'clock on Tuesday to enter the Dover strait, but were driven back by the British. The submarines were sunk, but no confirmation of this can be obtained.

The attempt was made under cover of early morning darkness, during a heavy rainstorm. The first alarm, says the despatch, was given by the firing of a naval gun, and soon all the batteries were in action.

The indignity, to whom this despatch was submitted, said that it had not received confirmation of the reported attack.

## SOIRÉE

The first Redcliff Soirée will be given by the Presbyterians in the Empire theatre on Monday evening, December 14th, and will begin at 8 o'clock. Do not miss it. You will find there the best vocal and instrumental talent in town, and the most delicious refreshment. Admission, adults, 25 cents; children half price.

## REDCLIFF PRESENTS COMPLAINT BEFORE R'WAY COMMISSION

Mayor Bott Complains of Switching Charges and Freight Rates—Gets Best of C. P. R. Representative—Commissioners Visit Redcliff and are Shown 'Around Town'—Are Impressed With Mayor's Argument

At the sitting of the Railway Commission held in Medicine Hat last Wednesday, Mayor Bott, who always has an eye to Redcliff's interests, appeared before the commission to draw their attention to two matters in which he considered the town was being discriminated against by the C.P.R. The first of these was the exorbitant switching charges at present being levied by that company at this point. Mr. Bott stated that when the first industry was located and the switch put in by the manufacturers, they were charged for switching, and now, despite the numerous large industries which we have, they are still being charged for switching, and he held that they were justified in asking that they be relieved of this burden.

The second complaint introduced by his township had to do with the switching charge. He said that the C.P.R. was levying a higher rate on freight from the town than that which was charged Medicine Hat, and he held that this was discrimination against the industries of Redcliff in the bringing in of raw material from the coast and south.

Mr. W. R. Lannigan, general freight agent of the C. P. R., spoke against the mayor's case, and during the course of his remarks an interesting passage of arms took place, but those who were present, even the railway company's representatives, say that Mayor Bott had the best of the argument. Mr. Lannigan spoke up on several points. In the course of the argument Mr. Lannigan referred to Redcliff as a bald spot on the prairie. This aroused the ire of his worship, who replied by saying it was not a bald spot on the prairie, but it was a bald spot on the railway, and it was not far distant when Redcliff would have another and possibly two transcontinental lines running through it. The citizens would not have to go on their knees to the C.P.R. to get fair and just treatment.

With this promising outlook we have every reason to expect that Redcliff will see an elevator in operation next fall.

## WILL BE ELECTION FOR COUNCILLORS AND TRUSTEES

The annual nominations for councillors and school trustees were held in Crowe's hall last Monday between the hours of 11 o'clock a.m. and 12 o'clock p.m. Although the election was very little excitement out of the ordinary, a good list of candidates were put in the field for both boards.

The following is the result of the nominations:

**For Councillors:**  
Richard S. Hodge, proposed by W. H. Hatcher, seconded by John Jackman.  
Geo. Lydiate, proposed by B. J. Bott, seconded by W. H. Hatcher.  
Patrick Lavigne, proposed by H. A. Ireland, seconded by Robert Hamilton.  
David Black, seconded by David Bradford, seconded by J. J. Devitt.  
D. F. R. Robertson, proposed by W. J. Lang, seconded by J. J. Devitt.  
R. J. Duggan, proposed by F. La Belle, seconded by T. H. Haywood.  
J. T. Devitt, proposed by D. F. R. Robertson, seconded by W. J. Lang.

**For School Board:**  
L. H. Bryant, proposed by B. J. Bott, seconded by D. McLaughlin.  
H. O. Wheeler, proposed by J. J. Devitt, seconded by L. H. Bryant.  
Wm. Riddell, proposed by R. S. Hodge, seconded by John Jackman.

## Three Bylaws

The three bylaws submitted to the burgesses of Redcliff last Friday all carried with large majorities. The first, which was almost unanimous, was to authorize the sale of debentures for the borrowing of \$25,000 to be expended for the erection of a storehouse and providing tools for \$5,000.00 for grading streets. The second, which carried by a vote of 12 to 2, was to extend the purchase and maintenance of an industrial spur track.

The following is the result of the poll: \$25,000.00 bylaw—For 13, against 2. \$5,000.00 bylaw—For 11, against 5. \$25,000.00 bylaw—For 11, against 5.

## AMBULANCE CONTRIBUTIONS

The list of Redcliff contributors to the ambulance for the night of December 10th is as follows: Messrs. Macdonald, Hayes, Nicholson and Barber. The ambulance was used for the night of December 10th, and will begin on the 11th. The ambulance was used for the night of December 10th, and will begin on the 11th. The ambulance was used for the night of December 10th, and will begin on the 11th.

## PROSPECTS GOOD FOR ELEVATOR HERE

Over Half of Required Amount Already Promised—Government Will Help—Meeting Will be Called to Organize Local Branch

Prospects for an elevator in Redcliff in readiness to take in next year's crop are becoming brighter every day, the ultimate success depends entirely on the people of the town and surrounding country.

Mr. C. S. Pingle, M.P.P. for this constituency, was in town this week, and assured us that the government stands prepared to give every assistance possible to the people themselves to undertake the work and carry it through.

The first movement necessary is to organize a local branch of the government co-operative system. Officers and committees will be elected and it will be their duty to arrange for plans and estimates, and set the amount to be spent on an elevator. Then when they have subscribed fifteen per cent. of the total amount the government will forward the other eighty-five per cent. of the total cost.

Already in a casual way a number of the town and surrounding country have been interviewed in the matter, and so far those interested have secured promises for \$800 to get the elevator up to the point of making up the fifteen per cent. Placing the cost of the elevator at \$10,000 this will mean that only another \$700 has to be subscribed locally to make the undertaking a reality.

This we are convinced should be a comparatively easy task, and we would suggest that the organization be proceeded with at once. With all preliminary arrangements completed this winter, an early start could be made on the construction in the spring when labor will no doubt be plentiful and reasonable.

With this promising outlook we have every reason to expect that Redcliff will see an elevator in operation next fall.

## DR. STONER ENTERTAINS FRIENDS AT CLUB

Before leaving for the south, where he will spend the winter, Dr. R. H. Stoner entertained a number of friends to dinner in the Redcliff club last evening. About twenty sat down to a sumptuous dinner prepared by Chief Stewart Lewis, and after partaking of the good things provided, a most enjoyable evening was spent in songs, stories and speeches.

Those present were C. S. Pingle, M.P.P., A. J. T. Terrell, of the News, J. W. Walton, Max Higgin, J. Burns, and Jas. Singhal, all of Medicine Hat, and Messrs. B. J. Bott, W. J. Lang, L. H. Bryant, J. L. Lannigan, R. P. Pike, E. P. Ford, H. O. Wheeler, D. McLaughlin, Dr. J. W. Brown and W. H. Hatcher, of town.

## Four German Ships of Pacific Squadron Sunk in Atlantic

A British squadron under command of Vice-Admiral Sir Frederick Sturdee, chief of the war fleet, engaged and sank four German cruisers, the Count Von Spon, off the Falkland Islands in the Atlantic on Tuesday and Wednesday last. The German ships were the Count Von Spon, the Admiral Graf Spee, the Admiral Graf Zeehaar, and the Admiral Graf Zeehaar. The German ships were the Count Von Spon, the Admiral Graf Spee, the Admiral Graf Zeehaar, and the Admiral Graf Zeehaar.

The evacuation by the Russians of Lodz, Russian Poland, is admitted in a semi-official communication, though the statement adds that the Russians did not lose a soldier when the position was given up.

## BURNS' SUPPER

A general meeting of the members of the Redcliff Burns' Club will be held at the premises of Messrs. Macdonald & McLean, 2nd street N.E. on Wednesday evening, 15th Dec., at 8 o'clock. All members are requested to be present, also any other parties interested in the welfare of the club. A. J. Lannigan, secretary.

## SEED GRAIN APPLICATIONS TAKEN HERE

Should be Left With E. L. Stone at Review Office as Soon as Possible—Grain Will be Shipped in Bags to Redcliff

The Review has again been successful in making arrangements which will, we feel, secure a great convenience and help to the farmers of the surrounding district. As soon as it became known that the Dominion government was going to give assistance to the farmers in the shape of advancing them their seed grain in districts affected by the drought, the Review got busy to try to have a government representative appointed in Redcliff to take applications for the seed grain. Our efforts have been successful and as a result E. L. Stone of this office will see take these applications.

Forms are now on hand and any who want to take part in the scheme should make application at once. The government desires that the seed be done as soon as possible. All applications must be made before the first of February, and in order to insure early delivery these orders must be sent to the government before the 15th of January. It would be advisable, however, if the farmers of this district would get their orders in to Mr. Stone as soon as possible now. At the present time applications will be taken for seed wheat for 1914-15, and for seed barley, properly sacked and will be sent to the railway station specified by the applicant. He will receive notice from the department when to call for it. Applicants should come prepared to answer the following questions in addition to the ones asked when applying for relief: Number of bushels required of each kind of grain. Have you secured seed from the government before? If so, what amount of land is still unplanted? What area of land in crops in 1914-15? What area of land in crops in 1913 and 1914. What improvements consist of.

In cases of seed for rented land it will be necessary for the owner of the land to make application and sign the lien on that land. This is essential.

Farmers should give this matter their immediate attention.

## SONS OF ENGLAND ELECT OFFICERS

At a meeting of the Sons of England Benefic Society held in Crowe's hall, Broadway, on Dec. 8, and which was one of the best attended meetings held for some time, the following officers were elected for the ensuing year:

President, E. Miller, Jr.  
President, H. E. Howard.  
Vice-President, J. Ferguson.  
Chairman, Rev. H. C. Gibson.  
Secretary, F. H. Couston.  
Treasurer, E. W. Ward.  
1st committeeman, R. J. Ogden.  
2nd committeeman, E. Runney.  
3rd committeeman, W. Forester.  
4th committeeman, T. Chambers.  
5th committeeman, F. Congram.  
6th committeeman, W. Thorpe.  
Outside guard, W. Miller.  
Delegate to Supreme and Grand Lodges, W. Riddell.  
Assistant, J. A. Ireland, J. Chadwick, G. Smyth.  
The members of Lodge Redemmers met on Dec. 7, talking brotherly words, hearty welcome.

## CONFIRMATION

The Bishop of Qu'Appelle was again in Redcliff last Sunday, when he administered confirmation to the members of the church at 11 a.m. All who were present will remember his impressive address to the confirmed based on the words "Be thou faithful unto death and I will give thee a crown of life." In the afternoon the bishop administered confirmation to a number of adults were also present to hear his words. There were 7 children baptised in the course of the service.

## MUNICIPAL ELECTION

As a result of the nomination held last Monday there will be a contest for both councillors and school trustees on Election day, which is next Monday.

For councillors there are seven in the field and only four to be elected. Two of these, Messrs. Lavelle and Lydiatt, served on this year's council, and a third, R. S. Dodge, served a previous term.

We have always been of the opinion that experienced men should be kept on the job as long as possible, providing, of course, that their work has been satisfactory. We are still of this opinion, and all three of these men have proved themselves worthy of the confidence the electors placed in them and have rendered faithful service to the town. For this reason, and in view of the fact that in all probability much important work will have to be undertaken during their term of office, we think all three of them should be elected. The other four candidates are Messrs D. Black, D. F. R. Robertson, J. T. Devitt, and E. J. Duggan. Mr. Black has had a wide experience in business in the west, which should well fit him for a place on the board, while Mr. Robertson, although much younger, has also been a successful business man.

While Mr. Duggan may be well qualified to occupy a position on the board we feel that the south end of the town has been and will continue to be well represented by Councillors Lavelle and Lydiatt, with the probable addition of Mr. Dodge, while Mr. Devitt he is a comparatively new man in town, and we like many of the ratepayers, know very little of his ability as a municipal administrator.

For the school board there are three candidates in the field and only two to be elected. All three are good men with a long business experience, and in the election of any two of them the ratepayers will be making no mistake.

The election will be held next Monday between the hours of 10 a.m. and 7 p.m., and we would suggest that all who can should vote as soon as possible after the poll opens in order to expedite matters at the close when those who cannot vote during the day will have to register their votes. This will do away with the possibility of some not being able to vote because of the rush at the last minute. It will also greatly assist the candidates in getting out a full vote.

## CENTURY OF PEACE WITH U. S.

For centuries past great importance has been attached to the December 24th by young and old alike. During all these years it has been a day of great rejoicing in anticipation of the annual visit of old Santa Claus in the evening and night, and of the general spirit of rejoicing, love and peace the following day.

Although the 24th of December this year will have its black clouds, because of the present conflict in which the Empire is engaged, yet even they will have their silver lining, and that lining will, we trust, shine out so brightly that it will illumine the whole horizon and cause us for the moment at least to forget our present troubles, and make this one of the greatest rejoicing than ever. That day this year will mark the centenary anniversary of the signing of the treaty of Ghent which closed the war between Great Britain and

the United States, and brought about peace that has remained unbroken between these two nations through all the wars, rumors of wars, rivalry, jealousies and suspicions of the past one hundred years.

Not only did this treaty bring peace to these nations but it laid the foundations of an international understanding which stands out all the more glorious at the present time when we remember the pledges and treaties which were sacrificed on the altar of greed and jealousy, causing the present strife, and dishonoring that guilty nation in the eyes of the whole civilized world.

That understanding has demonstrated to the world that two great nations, whose boundaries run co-terminous over a distance of more than three thousand miles, may live in a security that is guaranteed by good faith rather than by rows of impregnable fortresses or fleets of titanic dreadnoughts.

This state of affairs is of particular significance to us as Canadians. With only an imaginary line between us and our cousins to the south, we have, during the past century, been drawn closer together by the inextinguishable hands of ideals, traditions, commerce and blood, until now the question of a war between us is all but an impossibility.

On the 24th of this month, therefore, there is special reason for us as Canadians and Americans to rejoice in the spirit of peace which has characterized this continent. The only regret is that peace is not universal so that on this occasion we might have demonstrations throughout this Empire and the United States, as originally planned, to commemorate the event in "a more fitting manner."

## DEAL AT HOME

On several occasions in the past we have tried to impress upon our readers the importance of dealing with local merchants and patronizing home industry as far as possible. We have pointed out that the best way to develop a town is by developing its business circles, and the best way to develop its business circle is by patronizing our stores and business places.

As we have said before money spent at home means money sent in circulation locally for the building of sidewalks, sewers, schools, churches, libraries, lodges, hospitals and a dozen other things while money sent out of town means helping to build up other places along these lines.

Just now there is a movement on foot from one end of Canada to the other to try to take advantage of present conditions by the development of trade within the Empire, and more especially in this corner of it. We can best do our share towards bringing this about by first dealing with our own merchants, and secondly demanding goods made in Canada.

Christmas is drawing near and with it will come extra shopping in all lines. We would advise our readers to take a look over the advertisements in this issue, and after comparing prices, convenience, postage and express, we feel satisfied they will get the best of good bargains and much more satisfactory results by dealing at home. Try it.

We are informed that a great deal of money has been going out of town to department stores lately, and we have heard of one merchant who sends away for all the goods he himself does not handle.

Let us remember our local merchants when making our Christmas purchases. Another point that would be well to consider in order to make Christmas shopping easier and more satisfactory for all concerned is that of shopping early. If customers

would divide their list up and make a few purchases each day it would be away with the rush at the last minute, and also enable the clerks to give a much better service.

A look over the ads in this issue will greatly assist our readers in making their choice of presents and show them where to go for the different articles.

## CRADOCK IS AVENGED

The naval victory of the British off the Falkland Islands on Tuesday, in which three German cruisers were sent to the bottom, is indeed sweet revenge for the loss of the Good Hope and Monmouth a few weeks ago. This German squadron, which was practically demolished, was the same fleet which sank the two British cruisers under the command of Admiral Cradock off the Chilean coast.

The sinking of these German cruisers has more importance attached to it than the bare fact that Great Britain has been avenged for the loss of the Good Hope and the Monmouth. The Pacific has been cleared of practically every hostile German vessel. Trade may be resumed to a greater degree without the same fear of capture by German cruisers. Great Britain is truly accomplishing that which is expected of her, and sustaining her reputation as Mistress of the Seas.

## CHURCH NOTICES.

**THE PRESBYTERIAN CHURCH.**  
The Vision of the World Inspection will be the subject of a seven o'clock sermon in the church at eleven o'clock. The evening subject in the Empire theatre at 7.30 will be, "George Walcott, the Greatest English Preacher," who was born two hundred years ago. Everybody is welcome to join with us in the worship of God.

The Sabbath School meets at 2.15 p.m.  
The prayer service is held on Wednesday evening at eight o'clock.  
The Ladies' Aid will meet in the Manse, Thursday afternoon at three o'clock. This is a very important meeting.

The choir meets on Thursday evening. The Laymen's Auxiliary meets on Thursday at 8 p.m. in the Manse. It is necessary that all members attend.

Do not forget the soiree on Monday evening.  
At a joint meeting of the session and managers last week the resignation of Mr. D. C. Smith as leader of the choir was accepted, and Mr. Smith thanked for his excellent and untiring work as leader. Mr. E. L. Stone was appointed as choirleader. Mr. Smith continues with the choir.

## CHURCH OF ENGLAND

Friday—Evening and prayers for the war, 7.30. Choir practice after service.  
Sunday next—Holy Communion, 8. Matins, 11. Sunday Schools, 2.30. Bible Class, 3.45. Evensong, 7.30. Wednesday, W. A., 2.30. Litany, 4.45.

## BAPTIST CHURCH

Services in Reid's hall.  
Morning worship, 11 o'clock. Subject, "The Call to Repentance."  
Sunday School at 12 o'clock. There are classes for all.  
Evening worship at 7.30 o'clock, preceded by a ten minute song service. The Rev. W. Harvey Moore, B. A., grand organizer of the Orange Lodge of Alberta, will preach at this time.

## A Few Christmas Suggestions

When making out your list of presents for your friends, remember that we carry a nice line of

PIPES, PIPE CASES,  
TOBACCOS  
TOBACCO POUCHES,  
CIGARETTES,  
CIGARET CASES,  
CHAMPS AND CIGAR CASES.

A nice line of Cigars done up for the Christmas trade. Call and see them.

## E. J. CROWE

BROADWAY ST.

service. The Rev. Mr. Moore will also speak at a public meeting to be held at three o'clock Sunday afternoon. His subject will be, "The Present National and Religious Crisis." Prayer meeting, Tuesday evening at 8 o'clock.

You are cordially invited to attend all of our services.

## THE UNION BIBLE CLASS

This year is closing, let your religious sentiments have full play. The class meets in the Presbyterian church on Sabbath at 3.30 p.m. to study "The Association of Our Lord" Luke 24:30-33, Acts 1:1-11. Did you find twelve recorded appearances of Jesus after His resurrection? This is the eleventh. When and where will He next appear?

## Terrific Storm on Atlantic Coast

Huge seas, backed by a mighty tide and a howling northeast gale, battered the coasts of New York last Monday, smashing houses, wrecking boats, flooding villages, devastating summer resorts and forcing trans-Atlantic and coastwise steamers to remain out.

side Sandy Hook and fight the storm. At Sandy Hook the wind attained a velocity of 68 miles an hour, making a record-breaking tide and making it impossible for pilots to board incoming vessels. In New York harbor the tide was the highest in 15 years, and the waves from the New Jersey ferry boats to cover and strewn the shore of Staten Island with the wrecks of scores of small craft.

WESTERN DEVELOPMENT  
AND THE TARIFF

R. B. Bennett, M.P. Explains the Difference—Calgary a Second Minneapolis

In an important speech, delivered in Calgary just before his departure for the East to attend the session at Ottawa, Mr. R. B. Bennett, M.P. for Calgary, described the Government's policy of protection at length and explained how it had benefited the Dominion. One of his most interesting declarations was the statement that under a protective policy Calgary would become another Minneapolis and it would be his delight to work with that object in view.

Minneapolis and St. Paul, although as far West as Winnipeg, are two of the most important manufacturing cities in the United States. Large foundries and iron works are located there, while numerous agricultural implements and wood-work factories, whose products have a continental reputation, also thrive in these Western communities.

It has always been an outstanding feature of the United States fiscal policy that its results are distributed fairly evenly throughout the whole country. We find factories not only along the Atlantic coast, but throughout the entire Middle West, and even in the far West. Although the tariff in Canada is nearly 50% lower on the average than that in the United States, there is no doubt that if the reasonable fiscal policy of the past thirty years is maintained that a similar distribution of industries will take place in Western Canada.

## A TIMELY QUESTION

American Stone-cutters Find Employment, While Those in Toronto Walk Streets

A correspondent, who signs himself "One Toronto 'News'", writes to the "Toronto News" under date of Jan. 9th, to ask an explanation of the fact that all the cut stone in the new "technical school" under date of Jan. 9th, is American stone, cut by American stone-cutters, and shipped into Toronto to be used in the building, while dozens of Toronto stone-cutters, who pay their taxes, are walking the streets with nothing to do and no opportunity of earning support for wife and children.

This is a question that concerns not only Toronto but the whole Dominion and individual that is making purchases in Canada, particularly in the next few months.

Obviously the expenditure of Canadian money for American stone in Indiana will not benefit any one in Canada, even if the price was a little lower than that of Canadian stone for a similar purpose. There never was a time when the "Mother Canada" policy should be more rigidly adhered to by those spending money in Canada than at present. Every dollar spent for a Canadian product means so much more work for Canadians, many of whom are out of employment today.

This is not the first time there has been complaint made about the entry of American stone into Canada. The letter referred to above would seem to indicate that the question of more adequate protection for the Canadian stone-cutting should be favorably considered by the Dominion Government. In Western Canada there are many stone quarries the workers in which are interested in this question.

## RURAL DEPOPULATION

A Problem Closely Allied With the High Cost of Living

In an editorial dealing with this subject a few weeks ago the "Canadian Countryman" refers to the despairing utterances of the leaders of the Dominion Grange, Mr. W. C. Good and Mr. E. C. Brury. In their address to that body, which was recently in session in Toronto, they dramatically explored the migration citywards which affects rural life in Canada as in every other civilized country. They blame the development of industrial centers for it, and, apparently, seek the remedy for the migration in reversing that development and destroying the opportunities which attract young men and women to town.

Let us see, says the editor of the "Countryman." Assuming Canadian cities and towns could be wiped out, or thrown into such a state that no young folks would avoid them, would not most of these young adventurers cross the boundary line, as formerly they did, to Canada's infinite loss, and the enormous gain of the republic? Anyone who knows these boys and girls, who leave the farm to go to town when they want to go, they will go, if it is only to seek blindly, at any distance, at any risk, that likelihood of free opportunity to strive for themselves, to prove themselves, to be masters, each for himself.

The reason for migration lies in the country not in the town.

United States  
With the Empire

There doesn't appear to be any question as to what the people of the Southern States think, or how they feel, with relating to the European war. Notwithstanding President Wilson's plea that in speech and published opinion the United States should maintain an attitude of strict neutrality, we find the Southern States right out and sitting as they talk. For instance the Lexington Herald, Ky., of recent date, speaking of an appeal for funds to supply warm clothing for British soldiers and sailors on active service, adds: "It is our battle that they are fighting—the battle of the Anglo-Saxon people whose traditions include the Bill of Rights, the Magna Charta, whose philosophy is expressed in the Declaration of Independence; who have in the right of minority; who treasure the principles for which Cornwall died and Washington lived."

Viewing the situation from a more selfish standpoint the same paper says:

"It has been due to the navy of England not to the navy or to the army of the United States, that the United States has been able to maintain the Monroe Doctrine. When Germany attempted to gain an entrance into Venezuela it was not fear of the navy of the United States, but the action of the English navy, that kept that attempt from being successful. Already there are in Argentina six hundred thousand German subjects who, German writers claim, still give their allegiance to the fatherland. Should Germany win in this war, should the navy of England be destroyed, and Canada be taken by Germany as a province, it then would be necessary for the United States to maintain a navy fully the equal of that which now flies the Union Jack, and a standing army that would equal the army of Germany. And should that day come, to what Anglo-Saxon people would the American people turn for aid against an enemy dominated by the spirit of Bernadotte, whose treaty is without value, and who believes that might makes right?"

And to show what they are doing, the English country recently sent a shipment of war-gear, low priced, to a Canadian customer, in being refused on arrival. Instead of ordering the shipment returned or stored, the company wired the mayor of the Canadian city to have it disposed of in any way he saw fit, the proceeds to be devoted to either the Red Cross or Canadian Patriotic funds.

Canada Sends More  
Than Were at Waterloo

"Sir Robert Borden's speech at Toronto is a worthy and dignified expression of Canada's position in the great European struggle," says the London Daily News. "She has sent across the seas already the largest military force that has ever crossed the Atlantic, an army half as large again as the entire British army at Waterloo, and far in excess of the force sent against England in the Armada."

The News, remarking that Premier Borden treated with conspicuous dignity and reserve the rather delicate question of the Monroe doctrine, goes on to say that the most useful passages in a very well considered speech are perhaps those in which he dealt quite frankly with the need which Canadian volunteers, no more than any other volunteers, can evade, or we hope, would wish to evade, the need for training.

Canada to Continue  
to Raise Contingents

Speaking about the recruiting in Canada, Sir R. L. Borden stated that he did not know just who would be in charge of the second contingent. When the first had left Salisbury Plains for the front the second contingent of 17,000 men would take their place in the big English camp, and 17,000 more would be recruited here as a third contingent. He also said that it was the intention to continue to recruit contingents of 17,000 men until the war ended.

Col. Leard, the commander of Toronto's second contingent in camp, who was criticized severely by Maj. Gen. Hughes, was complimented by the premier on his excellent work.

NEW ZEALAND SENDS CONTINGENT TO FRONT Letters received in Vancouver from New Zealanders say that the New Zealand contingent for service in Europe left the southern dominion about October 15, and that the men were carried in twelve transports, escorted by a British battleship, three cruisers, and a Japanese battleship.

American Victims of  
Outrages in Mexico

The bodies of three American cowboys who were murdered two weeks ago at Chihuahua, by Mexican filibusters, have arrived at Asper's. Examination showed that the murderers dragged their victims to death, at the end of ropes attached to their saddles, the bodies being badly mangled.

An American civilian was killed at Santa Anita, by a stray shot, fired across the border from Alamo, Sonora, which is still under partial siege. An American soldier was wounded during the recent firing, bringing up to 43 the number of persons killed or wounded on the Amer. side since the siege began two months ago.

### Want German Professor Dismissed

Sir Edmund Osler announced that he had resigned from the board of governors of Toronto University as a result of their action in the matter of the three German professors.

The action of the board of governors of Toronto University in granting leave of absence with full pay to the three German professors, has elicited considerable protest among the large section of the community and a movement is on foot to hold a public meeting in Massey hall to discuss the governor's decision. It is proposed to ask Sir Edmund Osler to preside.

### U. S. Manufacturers May Come to Canada

As a result of the report that the United States government has declared against the construction of munitions of war for belligerents in the United States, a number of American magnates are approaching the militia department seeking orders for motor trucks of a nature suited for operations at the battle front.

They offer to invest unlimited capital at a point yet to be decided upon for the manufacture of trucks should an order of any size be secured from the government.

### King George's Visit Inspires the Soldiers

General Sir John French and his British forces made doubly memorable the official visit of King George to the trenches of his fighting forces on Saturday by a brilliant and dashy offensive in which the Germans were driven back all along the British front from Etienne to the Lys. North of the Lys the British charged from their trenches at daybreak and fell pell-mell upon the German first line of earthworks, overrunning it and in to it in the face of a terrific fire. They went down among the Germans with the cold steel and thrust, jabbed and beat down the helmeted occupants until they had cut them down or dug them out.

### Interior Department Issues Good Map

A publication which should prove of considerable interest to the prospective settler has recently been prepared in and is now being issued from the Railway Lands branch of the Department of the Interior, at Ottawa. This interesting publication which is known as the Peace River or Northern Alberta Homestead Map, graphically illustrates by a comparatively simple system of coloring the land situation in that district, including as it does, complete information

with respect to the disposal of lands, location of timber berths and forest reserves, nature of the soil, etc.

An interesting feature of the map is the fact that it enables an observer to procure at a glance a complete grasp of the present land situation, not only with regard to those lands which have been taken up during past years, but also with respect to lands previously homesteaded but for which patent has not yet been issued. It thus enables a person to trace the progress during comparatively recent years of settlement in the Peace River district.

The aim in the preparation of the map has been to show the land situation up to September of the present year, and in view of the rapid exhaustion of free homesteads throughout the older provinces, the information should prove of particular interest to prospective settlers.

In addition to the information with respect to lands which have been homesteaded and otherwise disposed of, the publication contains complete information regarding railways, general topography of the country, etc.

Copies may be obtained free of charge upon application to F. C. C. Lynch, Superintendent of Railway Lands, Department of the Interior, Ottawa.

### How to Send Xmas Parcels to Soldiers

Insufficient postage and overweight packages for soldiers at Gallipoli Plains and on the continent are causing trouble at the post office.

Packages are also being delayed in delivery for the same reason.

It is of the greatest importance that all parties sending parcels to the soldiers in the first contingent recognize the fact that parcels must not exceed 11 pounds. It is permissible to send as many parcels of that weight as one wishes, but the weight must not be exceeded.

Packages to the soldiers on Gallipoli Plain cost 13 cents per pound. Packages addressed to soldiers on the firing line in France for instance, have the following rates: One pound, 23 cents; two pounds, 40 cents; three pounds, 48 cents; four pounds, 64 cents; five pounds, 72 cents; six pounds, 80 cents; seven pounds, 88 cents; eight pounds, \$1.02; nine pounds, \$1.10; ten pounds, \$1.18 and eleven pounds, \$1.26.

We have a fine line of Turkey, Chicken, Ducks and Poultry of all kinds. When you want something exceptionally good, you can depend upon getting it here, and you will find our prices are reasonable, too. Try us and be convinced.

### GREEN VEGETABLES

Such as Radishes, Lettuce, Celery and Parsley, all grown in Redcliff greenhouses. Call and leave your orders here for Christmas dinner.

All phone orders promptly attended to.

Get your Xmas Cards and Xmas Post Cards at Handell's, First street. Biggest selection in town. See our special show of Lowmy's Chocolates.

Keats is my grocer.

Voters should remember that they must vote for four councillors and two trustees next Monday, otherwise their ballot will be thrown out. No more plumpers are allowed.

The list of ratepayers eligible to vote at the municipal elections to be held next Monday have been printed. Copies of them may be secured from the town clerk.

We wish this week to thank the management of the Royal bank for an excellent assortment of their office calendars for 1915. They are among the finest we have yet seen.

Moccasins, Wagners and Shoes. A fine assortment at J. Nicholson's, 5th street. We also have a nice line of sleigh bells and sheep-lined coats.

W. T. Lockwood received word last Sunday that his brother was seriously ill in Clairmont, Ohio, suffering from a paralytic stroke. Mr. Lockwood left on Monday morning's train for that point.

More snow than we have had for some time fell this week and as a result we now have sleighing for the windings look much more like Christmas now, and it is hoped the snow will remain till after the 20th.

Town Clerk Courtneil has received word from Ottawa that no order had yet been passed forbidding aliens from voting at the forthcoming municipal elections. As a result any in town who are otherwise qualified may vote here next Monday.

The Armenians are in sympathy with the allies in the European war and thousands of them are joining the Russian forces to win Persia, according to two Armenians who arrived in New York from Persia and Asia Minor on Monday.

The Rev. W. Harvey Moore, R. A. Grand Organist of the Grand Lodge for Alberta, will speak at a public meeting Sunday afternoon at three o'clock at Reid's hall. His subject will be "The Present Religious and National Crisis." All are cordially invited to attend.

The W. A. of the Church of England will hold a sale of work in the parish hall Wednesday afternoon at 3 o'clock. All goods will be sold at 50c. All are invited. At this sale an exciting competition entitled "What's Wrong with the Oake" will be introduced.

The annual gathering of Al Ashar Temple of the Ancient Arabic Order of Nobles of the Mystic Shrine, comprising all the members of the craft in the province of Alberta is taking in convention at Calgary this week.

Misses J. and D. Black, M. Sharvin, A. Woodcock, and Mrs. F. J. Perry and Newundon, spent a very lively Sunday afternoon tobogganing at the collier, and all agreed that it is ideal winter sport in Redcliff.

The Dominion government has set aside Sunday, Dec. 27, as a day of special intercession and prayer on behalf of the British and Allied cause, and to the memory of those who have fallen in battle. The same Sunday will be observed in Great Britain in the same manner.

MISCELLANEOUS ADS.

WANTED - TO-BUY A SMALL shack for storing goods. Apply in writing to E. W. Review Office.

Means, J. H. Hocking and A. L. Lenz, the two young men who were instrumental in getting up a concert, the proceeds of which were for the relief fund, have handed over to the committee the sum of \$14.75 as a result of their effort. The collection amounted to \$20.75. The expenses consisting of hall rent, printing and prize money, amounted to \$6.00, leaving the above balance. The boys are to be congratulated on the success of their undertaking.

Mr. Tennant, of Glenora, has received permission from England to form a cycle corps to join the Sussex regiment.

If there are any ladies in town who have not been called upon by the collectors for the ambulance fund they may wish their donations at the relief office. None but ladies are being asked to contribute to this fund, and the price is limited to 25c each. Mrs. (Rev.) Gordon and Mrs. J. A. Ellis are the collectors for this town and district.

The latest bulletins issued in Berlin state that Emperor William's condition is unchanged and he has been unable to leave his bed. His fever has not decreased.

The Austrian blockade is now as established fact. The Servians drive a wedge into the centre of the Austrian forces, shattering four army corps which are now in flight. The mass of prisoners and captured material is so great that it cannot be tabulated.

The Servians are pushing the pursuit vigorously and successfully.
